

Name: Alyana Broughton

Period: 7

### Camera Safety Rules and Classifications

#### Camera Safety

1. The Camera strap must be worn around your neck at all times while out on photo shoots.
2. **T** or **F** If you smudge the lens or LCD screen with your fingers, use your shirt to clean it off.  f
3. **T** or **F** If it begins to rain while on a photo shoot, return to class immediately.  t
4. **T** or **F** The Main Adjusting Dial is very delicate, rotate it carefully, never spin the dial.  t
5. **T** or **F** While downloading images to the computer set the camera on the edge of the table so it does not interfere with your cell phone or keyboard.  f

#### Camera Classification

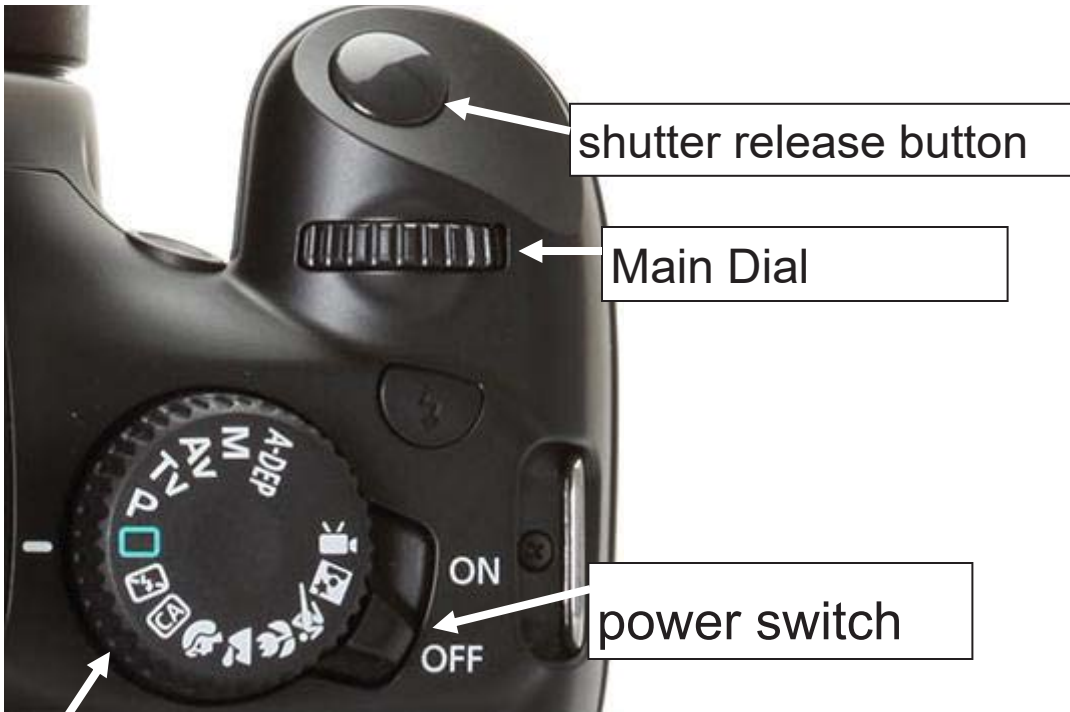

Use the terms listed below to fill in the empty boxes on the following images.

Go to Mrs. Campeau’s Saugus website <http://staff.hartdistrict.org/mcampeau/index.htm> and click on the Digital Photo link.
